Here is a pointer on the Burlington's El Chicago train: Vice Hovey says he sold 60 through tickets over this popular at the Forest City station for the month of August. The fellow that takes another route for Chicago always comes home disgusted with his trip and kicks himself for a month.

The people from Missouri who have settled the country northwest, took advantage of our beautiful lake recently for a fishing party. In the party were S. W. Boyd, Henry Comer, John Satphim, wife and family, Chas. S. L. and Allen Morgan and their wives, Walter Hutton, John Mart and James July. They hauled out 250 pounds of fine fish. - Herald, (Lake Arthur, La.)

Last Saturday, we are informed, as Mr. J. S. Mitchell was driving over the railroad crossing near Wing Lake bridge, near Napier, his wagon was struck by passenger train, No. 1 of the R. C. St. Jo. & C. R. R. Mr. M. being thrown about forty feet and considerably bruised up. His wagon was reduced to kindling wood. The team was not seriously injured, it is reported.

The weeds along many of our highways were almost obstructed travel in many places, and should be cut down, especially the timothy and burrs. By cutting them now before they go to seed will prove a check on their rank growth next year. A better time than now could not be selected, as it is very dry and there would be no danger of them growing again. It is the road-owners duty to attend to this, but from the looks of many of our roads they have neglected their duty this year.

The Burlington's "El" is catching the travel from this section. Why? Because it makes almost six hours better time than any other road and without change of cars, and chair cars for all. Leaves St. Joe Union depot at 7:00 p. m., arriving in Chicago the next morning at 10:15.

After a long and protracted illness from that dread disease, consumption, little Johnny Hayes, Jr., son of Mr. and Mrs. John Hayes, of this city, departed this life, Sunday evening, September 3, 1893. Despite the best medical skill and the faithful care and nursing, which only a mother can give, he was called hence to a better world, where he is free from all care, sorrow and pain. He leaves behind him, father, mother, sister, two brothers and a number of relatives and friends to mourn his departure. He was sixteen years of age. The funeral services were conducted by Rev. Willis Carter from the family residence, Monday afternoon last, and the remains laid to rest in the Oregon cemetery.

C. W. Nute, of Maitland, and H. E. Denny, of the firm of Denny & Schlotzhauer, bankers, naturally desire an undertaking of this city, are the only practical embalmers in the county, these gentlemen each holding diplomas from the best schools in the United States.

The date of the Y. P. S. C. E. convention has been changed to September 9 and 10. Notice change in program on our inside pages. The program should be divided between the Presbyterian and Christian churches instead of being wholly at the Christian church as before pointed.

Gladwell county people seem disposed to make much more because of the drought. Up this way we don't think that very much of a lack. Uncle Bob Patterson will have 2,500 bushels of his own raising and doesn't know about it either.

Elegant cards came to me last week, extending an invitation to be present on September 6 at the home of the bride's parents in Oregon, Kas., and witness the marriage of Miss Laura Glascock, formerly of this city, and Mr. Ora Davis, of this city. As we cannot be there in the flesh, the boys of THE SENTINEL extend their heartfelt wishes for the couple to live long to be prosperous and happy.

The St. Joseph fair will commence September 18 and continue 5 days. This will be the best meeting ever held in the history of the association, all of the noted fast horses of the country having already entered for this meeting. Remember when you attend the fair to go around and see Joe Oppenheimer at 112 North Second street. He will furnish you a first-class meal and a good, clean bed at low prices. Also refreshments of all kinds and choice cigars.

Labor day was observed in St. Joseph last Monday, the turnout being the largest in years, every business and industry in the city being represented by handsome floats. This is the second celebration for St. Joseph, this year, which proves conclusively that the city is in a prosperous condition, and has not been affected by the hard times. When banks were crashing all around St. Joseph, the banking institutions stood as firm as a rock, and are that way to day. And now to still further show their prosperity, they are making arrangements for their fair and big race meeting - September 18 to 23. St. Joseph is all right with a big 11.

Our streets have been exceedingly dusty for the week past.

H. C. Schmitz, Oregon, Mo.

The friends of E. H. Chadduck, the popular merchant of Craig, will learn with deep regret that he has been compelled to make an assignment. Those who are in a position to know his affairs are abundant to meet all liabilities.

Forepaugh's big show will exhibit in St. Joseph, Tuesday, August 12. As many of our citizens will attend, they should remember that the place to get a good meal and refreshments at, is at Joe Oppenheimer's, 112 North Second street.

In the program of the annual Y. P. S. C. E. convention, to be held in the Christian church, this city, September 9 and 10, and which we publish on the inside pages, a mistake occurs in the sub-heads, the dates 2nd and 3rd of September appearing, when they should be Sept. 9 and 10.

The entertainment at Sterrett's opera house, last Wednesday evening, by Lottie L. Tillotson, under the auspices of the Y. P. S. C. E. of the Presbyterian church, was a treat to all who were in attendance, and those who did not attend, regretted it.

Cards were received in Oregon, this week, announcing the marriage of Mr. Will O. Soper and Miss Hannah Francis Boyer, of Chicago, August 31, 1893. He will furnish you a No. one meal and supply you with refreshments of all kinds. Nice clean beds a specialty.

The Holt County Bible Society has recently added a new supply of Bibles to the ones they had on hand. Much pains have been taken to get a good selection in both English and German. There are some testimonials with the English and German. These will be found to meet a want long felt, especially by those that can read both languages. The management has secured an unusual number of last horses amongst the powers be "Manot," 294; Hal Pointer 294; and among the trotters, Blue Sign, 294; Belle Terra, 298; and 330 others. ### St. Joseph Fair.

On Sept. 17th to 23rd, inclusive, the Burlington Route will sell round trip tickets to St. Joseph, at rate of one fare, limited to Sept. 25th. The management has secured an unusual number of last horses amongst the powers be "Manot," 294; Hal Pointer 294; and among the trotters, Blue Sign, 294; Belle Terra, 298; and 330 others. The management has undertaken this fair on a more elaborate scale than ever before, and aim to make it the greatest of such events in the state. For information, apply to your local ticket agent.

### Our School.

The school opened in this city last Monday with Prof. L. N. Gray at the head, who will be assisted by Miss Alice Bond in the high school department and Miss McVitt, Mrs. Kauler, Cora Fry, Carrie Schulte and Maud McKnight. We trust this term will be as satisfactory and profitable one as the past year under Prof. Gailher and Miss Haight, and it can be made so by proper effort and co-operation on the part of all those who are interested. The citizens of the district have a duty to perform as well as the teachers. It is their duty to send the children as regularly and punctual as possible, and to give them to understand that they are going to school to learn and they must be obedient to the rules and regulations laid down for their government. If anything goes wrong in school, don't encourage your child with the idea that the teacher is the guilty one, and that the child is the injured party. Hear the complaint of them and then go and investigate for yourself. In that way you will get at the real cause and the remedy will suggest itself. The teachers also have a duty to perform, and upon the proper observance of the rights of pupils depends the measure of success that will follow. The teachers must lay aside personal preferences and prejudices and note out equal and exact justice to all. The poor man's child has the same rights in the school room as the rich man's child - the director's child is not entitled to any more favors at the hand of the teacher than is the child whose father is not a director - and the teacher who draws a distinction between these in the school room should be unceremoniously bounced from the position. The teachers should be fully qualified for their respective places, and should there be one out to the required standard, there must be no envy or hatred against the pupil who is intelligent enough to discover and point out the teacher's short comings. THE SENTINEL will keep watch over our teachers and shall have no hesitancy in criticizing any of them in case of dereliction of plain duty. Criticism is corrective in its effect, often wholesome in application. To those teachers who come among us as strangers, in behalf of our people we bid them welcome, and trust they may prove themselves every way worthy; to the young ladies who enter school room for the first as teachers, we can only say: "act well your part, there the honor lies. As to the other teachers they have been tried and have not been found wanting."

### The See at Swim.

One of the most pleasant and long to be remembered social parties, which our younger people have had the honor of attending for a long time was the one given on last Thursday night by Mr. and Mrs. Ira Pinkston, complimentary to Mrs. Pinkston's sister, Miss Lizzie Powell, of Kentucky. The early part of the evening was spent in parlor games, etc. After refreshments Mrs. Pinkston gave the party an asterisk by bringing into the room an array of aprons, bolts, thread and needles, and announcing that she had been wanting them for some time and thought it a good time to secure some help. The young men became nervous and the ladies, whose early training in needle work had been neglected, were not altogether at ease, but they all worked earnestly and patiently and when the judges returned the following result was announced: Ladies' capital prize, Miss Alice Kunkel; ladies' baby prize, Miss Belle Coleman; gentlemen's capital prize, Charles Banker; gentlemen's baby prize, E. L. McDonald. The guests were then presented with the aprons they had so industriously worked on. Those present were: Messrs. Bailey, Banker, Chadduck, Donald, Henry Fiegenbaum, Allen, Mc Donald; Misses Perkins, Hinde, Alice Kunkel, Spierle, Becker, Broadbeck, Coleman, Ida Kunkel, Fry, Van Baskirk.

### SPOKELE.

Miss Alice Spierle entertained a party of friends last Friday evening, complimentary to Misses Alice Kunkel and Maggie Perkins who are soon to take their departure for Cincinnati. Miss Alice was fully equal to the task of entertaining after the social happiness of her guests and they were prompt in showing their appreciation. All were entertained with appropriate and pleasing parlor games. At a seasonable hour refreshments were served, after which each gentleman was allowed to draw a card on which was written the name of which his partner for the "crazy walk." This was something new and novel and was very interesting to the participants. Mr. Willard Proudt and Miss Lizzie Powell won the value of first prize, while Mr. Sam Schulte and Miss Belle Coleman were given the booty. Those present were: Messrs. Rob Bailey, Charles Banker, Lee Chadduck, Willard Proudt, Frank Allen, E. L. McDonald, George Seaman, Sam Schulte, Miss Alice Kunkel, Maggie Perkins, Edith Hinde, Anna Becker, Belle Coleman, Cora Fry, Ida Kunkel, Minnie Seaman, Carrie Schulte, Lizzie Powell, Rebecca Van Baskirk, Mrs. Boyd, Mr. and Mrs. L. E. Moore, Mrs. W. R. Hoffman and Mrs. C. F. Barnes, of St. Joseph.

### KREEK.

Harry Kreek is feeling a little older than he did his true one year ago, but would not have had one year ago a remembrance that age was creeping upon him, if it had not been that his friends and relatives surprised him last Tuesday evening, September 5, 1893, by meeting at the home and wishing him many happy returns of the occasion. When Harry came home to supper he found a large crowd there to welcome him, to assist in getting away with the choice viands and delicacies that had been prepared in his honor. The evening, from six to nine, was pleasantly passed in social conversation, etc. Among those present were: Mrs. T. L. Kreek, Mrs. M. Seaman, Gideon and family, A. J. Kreek and wife, Mrs. Frank Kreek, L. Moore and wife, Mrs. D. E. Bennett, Mrs. Mary Chapman, of Kansas, Mrs. Theresa Barnes, of St. Joseph, Miss Lena and Alice Spierle, G. H. Price and wife.

Chaney is an convict, he having served a term in penitentiary from this county for burglary and larceny from a dwelling house.
